

3CX

- [SFTP Backup](#)

SFTP Backup

The screenshot shows the 3CX Admin Console interface. The left sidebar contains navigation options like Dashboard, Users, Voice & Chat, Phones, Outbound Rules, Departments, Office Hours, Call Handling, Reports, Event Log, Recordings, Backup, Integrations, and Advanced. The main content area is titled 'Storage' and includes a 'Save' button. A checkbox 'Enable Remote Data Storage & Archive' is checked. The 'Location Type' is set to 'SFTP'. The 'Path' field is highlighted with a red box and contains the text: `sftp://administrator@10.2.0.100:/E:\3CX-Backup\Backup`. Other fields include 'Username' (administrator), 'Password' (masked), and 'OpenSSH Key'. Below this is a 'Data Archiving' section with a table of data types and their settings:

Data Type	Folder Name	Auto-archive older than	Data Usage	Action
Chat Files	chats	7 Days	0 Chat Files / 0.00 GB	Move to Archive
Faxes	faxes	7 Days	2.08 KB	Move to Archive
Recordings	recordings	7 Days	0.00 GB	Move to Archive
Voicemails	voicemails	7 Days	529.71 MB	Move to Archive

Below the table is a 'Backup Archive' section with a table of backup configurations:

Data Type	Folder Name	Rotation	Data Usage	Schedule
Backups	PhoneBackup	5	1 Backup / 636.50 MB	Daily 12:00 AM

Format for SFTP path "sftp://administrator@10.2.0.100:/E:\3CX-Backup\Backup"
