

# Change Modhub mods to custom mods

Changing modhub mods is not possible unless you make ModHub think it is a different mod entirely. The following will describe how to do this.

- Find the .zip file for the mod in the [Mods Location Farming Simulator 22](#)
- Extract the zip file
- Open the main .xml file for the mod
  - Change the name of the mod

```
<?xml version="1.0" encoding="utf-8" standalone="no" ?>
<vehicle type="fertilizingSowingMachine" xmlns:xsi="http://www.w3.org/2001/XMLSchema"
  <annotation>Copyright (C) GIANTS Software GmbH, All Rights Reserved.</annotation>

  <storeData>
    <name>1775NT 2018 MODDED</name>
    <specs>
      <neededPower>340</neededPower>
      <workingWidth>17.75</workingWidth>
    </specs>
    <functions>
      <function>$110n_function_planter</function>
      <function>$110n_function_sowingMachineDirect</function>
    </functions>
    <image>store_1775NT_2018.dds</image>
    <price>192690</price>
    <lifetime>600</lifetime>
    <rotation>0</rotation>
    <brand>JOHNDEERE</brand>
    <category>planters</category>
    <shopTranslationOffset>0 0.1 0</shopTranslationOffset>
    <shopRotationOffset>-3.290 0 0</shopRotationOffset>
    <vertexBufferMemoryUsage>10981376</vertexBufferMemoryUsage>
    <indexBufferMemoryUsage>1537792</indexBufferMemoryUsage>
    <textureMemoryUsage>9502720</textureMemoryUsage>
    <audioMemoryUsage>0</audioMemoryUsage>
    <instanceVertexBufferMemoryUsage>0</instanceVertexBufferMemoryUsage>
    <instanceIndexBufferMemoryUsage>0</instanceIndexBufferMemoryUsage>
  </storeData>

  <base>
    <typeDesc>$110n_typeDesc_sowingMachine</typeDesc>
    <filename>1775NT_2018.i3d</filename>
    <size width="5" length="15" lengthOffset="-1.5"/>
```

- Open the modDesc.xml file

- Change the Title of the mod under the <version> tag

```
<?xml version="1.0" encoding="utf-8" standalone="no" ?>
<modDesc descVersion="72">
  <author>JHHG Modding</author>
  <contributors>Siid Modding</contributors>
  <version>1.0.0.0</version>
  <title>
    <en>John Deere 1775NT 2018 MODDED</en>
  </title>
  <description>
    <en><![CDATA[
    Manufacturer: John Deere
    Model: 1775NT 24-Row 30"
    Model year: 2018
    Type: High speed planter
    Capacity of seeds: 6000 liter
    Capacity of liquid fertilizer: 4000 liter
    Price: 192,690$
