

Searching

To search a folder and subfolders for a wildcard word and aggregate to a single folder. (THIS MOVES FILES)

```
Get-ChildItem "C:\LTShare\Uploads\*latestspeedtestresults.txt" -Recurse | Move-Item -Destination "DestinationFolder" -Force
```

To search a folder and subfolders for a wildcard word and aggregate to a single folder. (THIS COPIES FILES)

```
Get-ChildItem "C:\LTShare\Uploads\*latestspeedtestresults.txt" -Recurse | Copy-Item -Destination "DestinationFolder" -Force
```

To Search a folder and subfolders and display the 10 most recently edited files

```
Dir D:\folder -r | ? {! $_.PSIsContainer} | sort LastWriteTime | select -last 10
```
